

TENNESSEE GENERAL ASSEMBLY  
FISCAL REVIEW COMMITTEE

**FISCAL NOTE**

**SB 1199 – HB 1384**

February 25, 2021

**SUMMARY OF BILL:** Changes the term structure for annual licenses from the set term between March 1 to the last date of February, to a term extending 365 days following the date of issuance. Deletes defunct, antiquated language referring to licensure fees.

**ESTIMATED FISCAL IMPACT:**

**NOT SIGNIFICANT**

Assumptions:

- Currently, such licensure fees are set by rule by the Tennessee Fish and Wildlife Commission.
- Removing antiquated language from statute will have no impact on state government.
- Changing the term structure for annual licenses is not estimated to have a significant impact on the number of licenses purchased; therefore, no significant impact on total licensure fee revenue to the Wildlife Resources Fund.

**CERTIFICATION:**

The information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink that reads "Bojan Savic".
